Advanced Threats Demand Advanced Response

Get 60% Off Kaspersky Managed XDR

Cyber threats are becoming more sophisticated, while security teams face increasing pressure to detect, investigate, and respond faster.

Kaspersky Managed XDR combines advanced detection and response technologies with the expertise of Kaspersky security professionals – helping your organisation uncover complex threats and respond before they cause significant business impact.

For a limited time, **new customers can enjoy 60% off Kaspersky Managed XDR.**

Limited-Time Promotion

60% OFF KASPERSKY MANAGED XDR
For new customers with more than 150 nodes
Promotion Period: 1 July – 30 September 2026

Why Choose Kaspersky Managed XDR?

Advanced threat detection

Identify sophisticated and multi-stage attacks that may evade traditional security controls.

Expert-led investigation

Gain access to Kaspersky cybersecurity expertise to investigate suspicious activity and complex incidents.

Faster threat response

Accelerate investigation and response to help minimise the potential impact of cyber incidents.

Extended security capabilities

Strengthen your security operations without the immediate need to build or significantly expand an in-house team.

Ready to strengthen your security operations?

Contact us to learn how Kaspersky Managed XDR can help your organisation detect and respond to advanced threats.
